ANCIENT HISTORY

ANCIENT HISTORY

In **Ancient History** the first important **civilizations** appeared:

Mesopotamia, Egypt, Greece and Rome.

One of the most important was the **Roman Empire**. Roman civilization began in Italy. They dominated the Greeks, Carthaginians, Celts and Iberians.

The Romans conquered the Iberian Peninsula and called it **Hispania**. The population adopted the language and customs of the Romans. Their language was Latin and the Spanish language comes from Latin. This process was called "Romanisation".

Here are some important facts:

- o The Romans built different structures: theatres, circuses, amphitheatres, thermal bath houses, triumphal arches, columns, bridges, aqueducts ...
- o They invented the wheel, so transport and trade were developed.
